

Delivery

1) Forecourt.

There is a lift to the 2nd floor (dimensions: height: 2.15 m x width: 0.90 m x depth: 2.10 m, load: 1 tonne).

Only vehicles **up to 3.5 tonnes may drive/park here**, as the floor slabs cannot bear more weight. For heavier vehicles please use:

2) Loading ramp.

There is a goods lift here (dimensions: height: 3.00 m x width: 2.50 m x depth: 6.00 m, load capacity: 5 tonnes).

However, it goes up behind the stage, so we can only use it when the stage is not yet finished. Unfortunately, it can only be used on Monday 4th from 9 am to 11 am.

Please let me know if you need the bigger lift.

3) Parking space during the congress.
